

Amir Mohammadi

Backend Developer

amirmmdi.dev@gmail.com · 0922 362 1169 · github.com/amirmmdi4 · linkedin.com/in/amir-mmdi-b35892392

Summary

Backend developer with 4 years of experience, mainly working with Python and Django, building APIs and services that stay reliable as they scale. Focused on clean data models, sensible database design, and services that fail predictably instead of silently. Favors simple, well-tested architecture over clever abstractions.

Experience

Backend Developer — Ariaivar

Contributed to backend systems in production environments, working with Django REST Framework, PostgreSQL, background task processing, and Docker-based deployment on Linux.

Skills

Python, Django, Django REST Framework, PostgreSQL, MySQL, Redis, Celery, Docker, Linux, Git, REST API, JWT, Nginx, GitHub Actions
